ZEN SPA

SOUL SAUNA

A journey into the past and the heart of this fascinating Nordic culture. The temperature is regulated so that it is always between 80°C and 90°C. The sauna is an excellent remedy for purifying the body, it strengthens the immune system, improves circulation and breathing

GENTLE BIO SAUNA

It is a gentle solution for those who find Finnish saunas too hot, suffocating or are not keen on excessive humidity in steam saunas. The Bio Sauna normally have a temperature of 40°C to 60°C with a humidity of 20% to 50%

SOUL STEAM

Water is health, even when it takes the form of a cloud of steam that envelops the body. The humidity reaches 100% and the temperature is around 40°C. The warm steam decongests the breath, tones and relaxes, proves to be one of the best therapies to combat the stress and tension to which we are subjected daily.

WATER PARADISE

Ideal solution for enveloping yourself in the sensations that only water can offer the body. Water Paradise is a brilliant blend of four different showers enclosed in a path; a unique way to experience a multisensory water experience. Shower head jets will automatically alternate the pleasure of 4 different showers offering different levels of warmth, color and intensity, and enveloping the guest within unique wellness in a few seconds. Tropical rain, cold rain, waterfall and cold mist combine and complement each other for a sensory, enjoyable and relaxing experience

ICEFALL

The icefall is the cold reaction that best combines with the high temperatures found in spa cabins. It helps normalize the body temperature and the heart rate, with beneficial results in terms of toning the skin and vasoconstriction. For a fully reinvigorating effect the ice crystals should be massaged onto the body from the lower limbs upwards, completing the wellness path begun earlier in the steam and heat baths.

RELAX ROOM

Rest is defined as the condition during which the body is in a state of relaxation and positive feeling. This is the moment that allows the body to recuperate and prepare for the next entry into a hot environment. **Salt Wall** regulates and maintains the intensity of heat and humidity in the room, the right conditions to encourage the natural process of ionization of the mineral salt.

Use of the Zen Spa wellness area is complimentary for guests of the hotel.

You may wear a robe and slippers from your room when you visit us.
